Selectmen's Meeting

OLD COLONY BUDGET

Selectmen asked Old Colony School Committee members to come to Town Meeting with level funding. Selectman Frank Suzan explained that the Selectmen had agreed with the Selectmen of the other 3 towns to hold the line at last year's level.

This met with opposition among the members. Jeffrey Riley said that the reason there is a financial problem at Old Colony now is that they have presented a very conservative budget for the past 5 years so that there is no place to cut. Riley said that Old Colony has increased the budget 3.5% versus 35% at other schools. He said that the Old Colony School Committee had made a mistake in doing its job of economizing the past few years. Blanche Perry agreed and said that it is punitive if the school works within a tight budget and then is punished for doing so. Vincent Worden said that Old Colony has 97% placement record of graduates and contended that money is well spent on these kind of results. Mr. Riley said that the school has no frills to cut, no band, no music program, no art, so that the result of the economical operation would leave only academic programs to be trimmed.

Selectman James Huntoon explained that "We are all in this together". He said that Mattapoisett Selectmen had agreed to support Acushnet in the level funding effort. He said that, no matter how Mattapoisett stands, Rochester and Acushnet seek level funding.

Mr. Suzan asked if the Old Colony representatives would be willing to look over their budget with a Finance Committee

member from each town. Mrs. Perry said that "they had been over that route and the budget had been hacked to the point where no frills are left". They explained that a $20,000 cut means a cut of $200,000 in the total budget. Riley said that with Old Colony school population increased from 1975 to 1981 the budget increase was 3.5%. Mrs. Perry said that she believed that the representatives must speak up at town meeting.

They agreed to review the Old Colony budget with Finance Committee members before town meeting.

DOG BANISHED

Selectmen Chairman John DeCosta presided over a dog complaint hearing in which Selectmen found that a large German Shepherd named Joe, License #784, owned by Raymond E. LaPointe, was menacing the neighbors and ordered the dog removed from the town advising that it be relocated in a rural area.

Neighbor Mrs. Virginia Rowland testified that she has been suddenly singled out by Joe after, initially, the dog has been friendly and has accepted patting. One day, she said, the dog had leaped upon her from behind and had menaced her ever since to the point where she could no longer be alone in her own yard. She said that she had been pinned on the porch and cornered in the yard by the dog circling and showing teeth.

The contention was supported by all of the neighbors present including the owner, Mr. LaPointe, who said that Joe was a "pussy cat" but for some reason had started to menace Mrs. Rowland. He said that the dog is kept on a run but manages to get loose every so often and every time it goes after Mrs. Rowland.

Selectmen determined that Joe had ap-

The Selectmen found that the LaPointe dog "Joe" had a vicious disposition and was a nuisance to the neighbors and ordered him removed from Mattapoisett within 7 days. BUOY CHANGE

Lloyd Haskell told Selectmen that he had a letter from Rep. Gerry Studds that a number of buoys are to be removed from the coastal waters and two from Mattapoisett, approaching the wharf from the outer harbor are 9A, 8, 6 and 4 (red buoy). Mr. Haskell asked Selectmen to agree to a change of location for 4 (since the 8 and 6 are to be removed). Haskell asked that 4 be moved west to line up with the long wharf and so mark the approach channel. Selectmen agreed. Studds had advised that 420 Coast Guard aids to navigation will be removed along the coast.

STATE AID GAIN

Selectmen receive a letter from James Segel, Executive Director of the Massachusetts Municipal Association, in regard to the newly announced FY 83 state budget. The new local aid figures for this area will be as follows: Mattapoisett, +$16,161; Marion, +$3,870; and Rochester, +$23,561.

FOSTER STREET SEARCH OVER

a copy of his evaluation of the election, mainly in the hope that future elections in Rochester will be conducted more carefully by the Town Clerk's office, in order to avoid the trouble and expense of court challenges or new elections. I commend the election workers who performed their jobs well in both the original tallying and the recount.

Because of the closeness of this election, and my interest in our Town, I will continue my participation in Town government (as a citizen) and I look forward to serving the Town again in the future.

I wish Mr. Walker well, I respect and like him, and I thank all the voters and election workers for their hard work.

David L. Hughes

The opinion of Mr. Hughes' Attorney, Philip N. Beauregard, is "that the election would probably be invalidated in a court challenge, if you choose to bring one.

"The reasons for this conclusion are as follows: As you know, the gap of nine votes was narrowed to six votes in the recount. However, a significant proportion of the absentee votes (eighteen total) are clearly invalid because of major irregularities that we discovered in examining their issuance, and their processing. Most striking of these irregularities was the absence of any witness' signature on six of the 'votes'. Further, it appears that at least half of the eighteen votes would have required a notary, and there are no notaries on any of the ballots. (It is confusing to determine what legal requirements applied to which absentee vote, since the Town Clerk used

When you think of owning a new car is this the new car you think of owning?

A lot of people take one look at the rates for an auto loan and say, forget it. But here at Fairhaven Savings the rates are the lowest they've been in months, so maybe you can afford the car you really want.

Particularly since we ask for only 20% down. As opposed to 30% at many other places. And you have four years to pay. Not three. Once you have filled out the application, you can get the cash in 24 hours. We even have a telephone hotline to call to get the wheels turning. Call 999-7000.

Look at it this way. Now that Fairhaven has brought down the rates, all you have to do is come up with the car.

the same form envelope for seventeen of the eighteen ballots. State law requires that a different envelope be used for (1) those voting in person before the Town Clerk, (2) those mailing their ballots, and (3) those who are permanently disabled.)

"The validity of the ballots is cast into further doubt because (1) your Town Clerk did not require written applications for absentee ballots, and there is no documentation showing any voter's need for an absentee ballot, as required by law; (2) the outer envelopes

were not preserved, and there are no postmarks, time stamps or other ways of documenting that the ballots were received in time to be legally counted; (3) your Town Clerk filled out portions of the ballot envelopes for some voters who were not blind or otherwise disabled; (4) no lists of permanently disabled voters have been compiled or preserved by the Town Clerk as required by law. These circumstances, in total, deprived the Town of minimum substantial safeguards for ensuring the secrecy and accuracy of absentee ballots.

"Thus, with from six to twelve of the absentee ballots apparently invalid, the real outcome of the election is in doubt and the Town is entitled to a new Selectman's election under state law."

After quoting legal precedents from the Supreme Judicial Court in Brockton, Attorney Beauregard concluded:

"Another potentially fatal irregularity in the election was the complete non-functioning of the cancellation device on the ballot box. None of the 886 votes were cancelled. Apparently this happened last year as well, and the Clerk has not complied with the statutory obligation to test and maintain

Present also at the ceremony were Mrs. Doris Gardner and Superintendent of Schools Joan Walsh. Principal speaker at the luncheon was Dr. John E. Lawson, Commissioner of Education.

The award is presented annually in memory of Edmund K. Fanning who served as Principal of West Junior High School in Brockton. It is presented to an administrator who has made significant contributions to his school; to his professional association; and, through that association, to all of the middle and junior high schols in the Commonwealth.

Mr. Gardner has served as past president of the Junior High School and Middle School Principals' Association, and is presently a member of the Executive Board. He is active in the organization of the Association's Heritage Day's activities; and serves as well on the Merger Committee and the Liaison Committee.

Dance Cancelled

The May 8th MYAA Dance has been cancelled due to the lack of a good work force. There is too much work involved for us to see the same old faces and no new blood. If you have children involved in one of our programs you should be willing to help out. With over 300 involved in most of our programs, our average attendance to a MYAA meeting is 6. We will not be able to provide uniforms and jackets as we have in the past without the other 98% who do not show up to help in some way.

My thanks to those who did volunteer.

of Wareham, will conduct the service and deliver the homily Sunday, May 9, at 4 p.m. in the Christian Church Meeting House, Church Street, Mattapoisett. The public is invited.

A service is held in the old Meeting House as a symbol of its roots in the Christian Churches. At the beginning of the 19th century there was a great deal of unrest and dissatisfaction among people who could no longer accept the rigidity of Calvinism as interpreted by the churches. Neither could they accept the ultra liberalism of Unitarianism. They gathered a new church and called it "Christian". In 1931 the Christian Churches united with the Congregational Churches to form "The Congregational Christian Churches".

The longest and most memorable pastorate of the Christian Church in Mattapoisett was that of the Rev. William Faunce, 1864-1898.

"Hopefully enough people will attend so that we might organize and chart a direction," Roberts said. "Such an organization can do a whole lot of good where it is most needed", he said, "particularly in promoting our total program and raising funds wherever and whenever they are needed. We would particularly like to see the parents of our many student-athletes."

ORR teams have enjoyed tremendous success over the nine-year period the school has been a member of the Southeastern Massachusetts Conference because better than fifty percent of the student population, both boys and girls, has participated in the school's 15-sport program.

So far, in 1981-1982, Bulldog volleyball and both boys' and girls' basketball teams have won SMU titles. In 1980-1981 no fewer than six Bulldog teams finished on top of their divisions.

At Old Rochester Regional Junior High School, Bill Antulonis, a Seven East student has come up with a great idea. This 13-year old student has created a spelling program for the 7 East students. This program is designed to improve students' spelling.

the idea and recommended the undertaking for an extra credit project.

Bill has had experience with other computers at Reynolds and DeWalt Printing, which his grandfather owns. The computers there are much easier than the computer at ORR Junior High. He prefers easier ones.

Bill would like to work with computers when he gets older and by then computers will probably be the biggest thing around. Maybe he might even take over his grandfather's job, and as one can see, he has a lot of experience with them.

The Brigantine "Yankee"

A legitimate candidate for a "it's a small world after all" trophy would be the discovery in the South Pacific of the battered hull of the brigantine Yankee that was so familiar a ship in the 1950's and early 60's in the harbors of Buzzards Bay. The picture showing what remains of this proud sailing vessel was taken by Donald Gracia of South Dartmouth on a reef at Rarotonga Island, not far from New Zealand, where he has been assigned by the United Nations as workshop manager for the Ministry of Trade Labour and Transport. He arrived there December 30, 1981.

His dad, Sylvester Gracia, is one of the drivers of the U.S. Postal Service trucks
